A confirmation screen titled "Confirm Your Vote Submission". At the top center is a yellow circle containing a black warning triangle icon. Below the title, there's a light blue box asking "Do you confirm to submit your vote?". Underneath this box, it states: "Your votes will be submitted to the blockchain and cannot be edited or changed once submitted. This action is permanent and irreversible." Below this text is another light blue box labeled "Vote Summary:" which contains a bulleted list: "• 2 positions with selections", "• 1 position left empty", and "• 5 candidates selected total". At the bottom are two buttons: a dark blue button with a white checkmark icon and the text "Yes, Submit My Vote", and a white button with a gray border and the text "Cancel".

A screenshot of a web application showing a "Submission Failed" error. At the top, there is a red circle with a white "X" inside. Below this, the text "Submission Failed" is displayed in a bold, black font. Underneath, a message states: "You have already voted. Each voter can only vote once." At the bottom, there are two buttons: a blue button labeled "Try Again" and a white button labeled "Go Back".

The screenshot shows a mobile application interface with a white background. At the top, there is a red circular icon with a white 'X' inside. Below this icon, the text 'Already Voted' is displayed in a bold, black, sans-serif font. Underneath, a light pink rectangular box contains the text 'You have already cast your vote.' in a bold, black font. Below this box, a paragraph of text states: 'Each voter is allowed to vote only once. Your vote has already been recorded on the blockchain and cannot be changed.' At the bottom of the screen, there is a dark blue rounded rectangular button with a white user icon and the text 'Return to Login' in white.
